

# Living Green Design Solutions

Create style and curb appeal with one of our Custom Eco-friendly Screen Doors. The elegant panels provide privacy and style while keeping pests out. Screen doors can be custom designed and fit to your Entry doorway or used to welcome guests at your front gate. Select from variety of patterns or ask about custom, one of a kind projects.

Also available are beautiful Rain Chains and easy to install Barrel wraps. Each piece is hand cut and simple to install.

Made from reclaimed or FSC wood and recycled cut steel.  
Panel insert sizes range from 40" to 46". Use one panel or double.  
All doors are custom made per order, allow for lead time for delivery.
